We commended the Agency for dutifully compliant on their tax obligations.

However, presented below is the summary of the significant Audit Observations and Recommendations. These were discussed with the agency officials concerned during the exit conference and their corresponding comments were incorporated in Part II of the report, where appropriate:

1. The inaction of the Management to require the contractor to perform its obligations under the construction contract caused delay in the work completion of the project, Baywalk with Events Center costing P60,156,383.46 contrary to pertinent provisions of the 2016 Revised IRR of RA 9184, thus, has been incurring liquidated damages of P5,464,892.98 from May 31, 2016 to September 30, 2018. Likewise, several damages were noted during technical inspection.

We recommended that Management:

- a. Require the contractor for the immediate completion of the project, otherwise, enforce legal action against the latter, terminate the contract and enforce rights against the performance security posted by the contractor;
- b. Charge the contractor for the liquidated damages incurred for the period covering May 31, 2016 to the actual completion or termination;
- c. Conduct investigation relative to the damages, such as the destroyed asphalt road due to the construction of a new 24-meter wide concrete pavement by the DPWH; landscaping works and 23 units of gazebos, to determine the proper persons liable; and
- d. Submit the necessary documents for further technical evaluation.

2. Disbursements for accommodations to hotels and resorts during Board of Directors' meetings and conferences totaling to P6,977,154.99 for the period 2016-2018 could have been used to construct a Directors' Lounge which is more economical and efficient since it could be used for a longer period of time.

We recommended that Management utilize its financial resources in accordance with existing laws, rules and regulations mandating the judicious and prudent use of government funds and consider incorporating in their annual budget the construction of a Director' Lounge for BODs and submit the same to Bases and Conversion Development Authority (BCDA) for their approval.

3. Disaster Risk Reduction Management (DRRM) Plan of the Agency was not prepared in compliance with Section 35 of the General Provisions of the General Appropriations Act (GAA) of FY 2018, which aims to establish responsiveness of the agency in times of disaster or calamities, thus, the Agency may not be able to respond in times of calamities relative to their operation.

We recommended that Management develop DRRM Plan to ensure responsiveness of the Agency in times of calamities/disaster especially in ensuring the safety within its jurisdiction.

4. Several deficiencies were noted in the Gender and Development (GAD) activities of the Agency contrary to pertinent provisions of Joint Circular No. 2012-01 of PCW, NEDA and DBM, hence mainstreaming on gender awareness, gender issues through programs, activities and projects were not achieved.

We recommended that Management:

- b. Implement GAD activities pursuant to the approved GAD Plan and Budget;
and
