

Sustainable Development Goals: Impacts on SAIs and Governments

12th ASOSAI Research Project meeting in Abu Dhabi, UAE

25-26 February 2019

State Audit Office of Georgia (SAOG)

Nino Pruidze, George Chakvetadze

Strategic Directions of SAOG

Performance Audit of Preparedness for Implementation of SDGs

Conduct SDG Audits

Big Data Analysis and SDGs

STATE AUDIT OFFICE
OF GEORGIA

Performance Audit of Preparedness for Implementation of SDGs

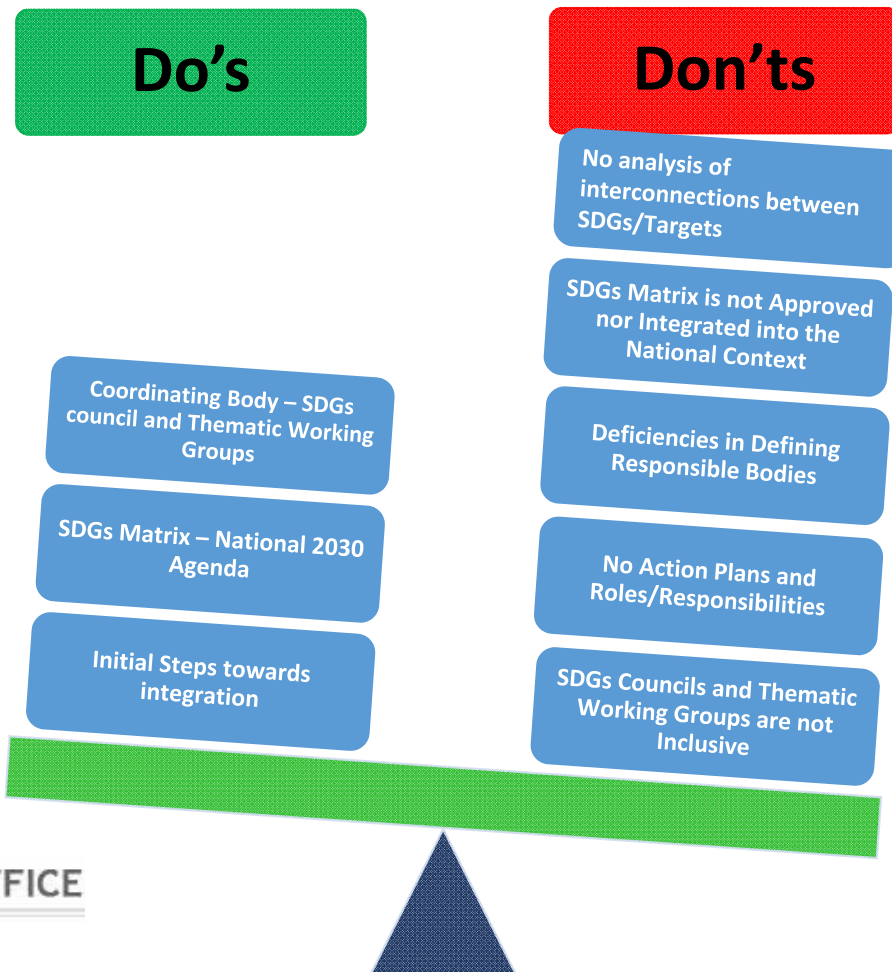

- **SAOG Introduced Performance Audits in 2012 – However, Preparedness Audit Required Specific Knowledge that was Acquired by IDI Capacity Building Program**
- **Preparedness Audit Required Seeking the Systemic Data, as the Whole System was Analyzed, instead of a Particular Ministry/Program**

Performance Audit of Preparedness for Implementation of SDGs - Findings

Institutional Arrangements and Integration into the National Context

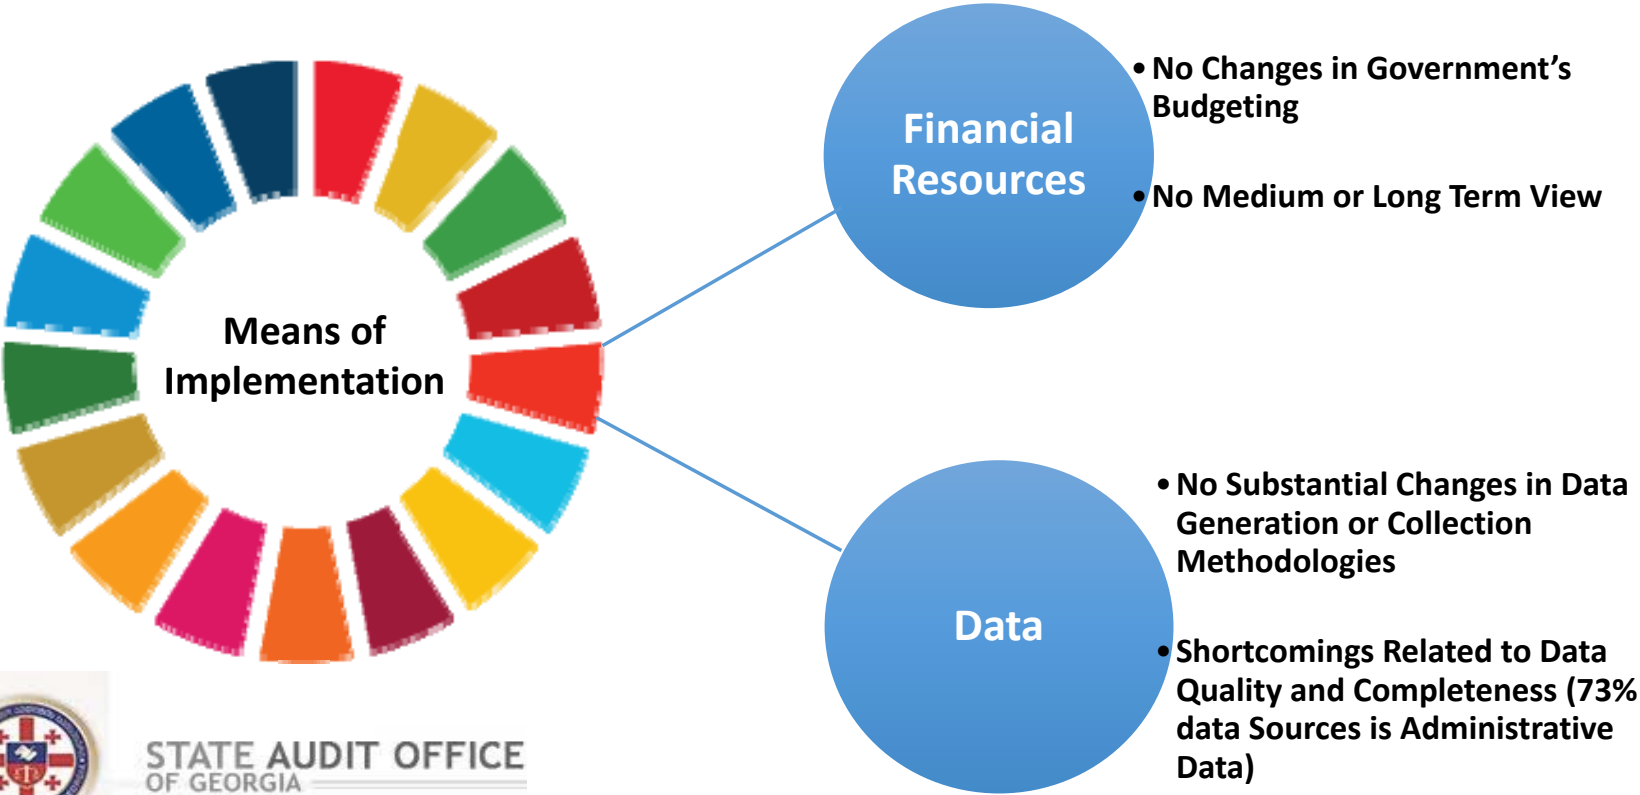

No Vertical and Horizontal Coherence

Performance Audit of Preparedness for Implementation of SDGs – Findings (Cont.)

SDGs did not drive sufficient “brand new” processes in Georgia

Performance Audit of Preparedness for Implementation of SDGs – Findings (Cont.)

- SDGs Council has not elaborated proper rules and procedures for monitoring and reporting of the progress;
- The existing practice of providing information by SDGs Council fails to provide adequate information to all interested parties;
- [Budget Monitor is the Unique Source Providing Comprehensive Information about the 2030 Agenda](#)

SDGs Council is working on elaborating monitoring web-based platform

Conduct SDG Audits

Development of SDGs Audit Manual through International Cooperation

Capacity Building of the Auditors

SDG Oriented Audit Planning

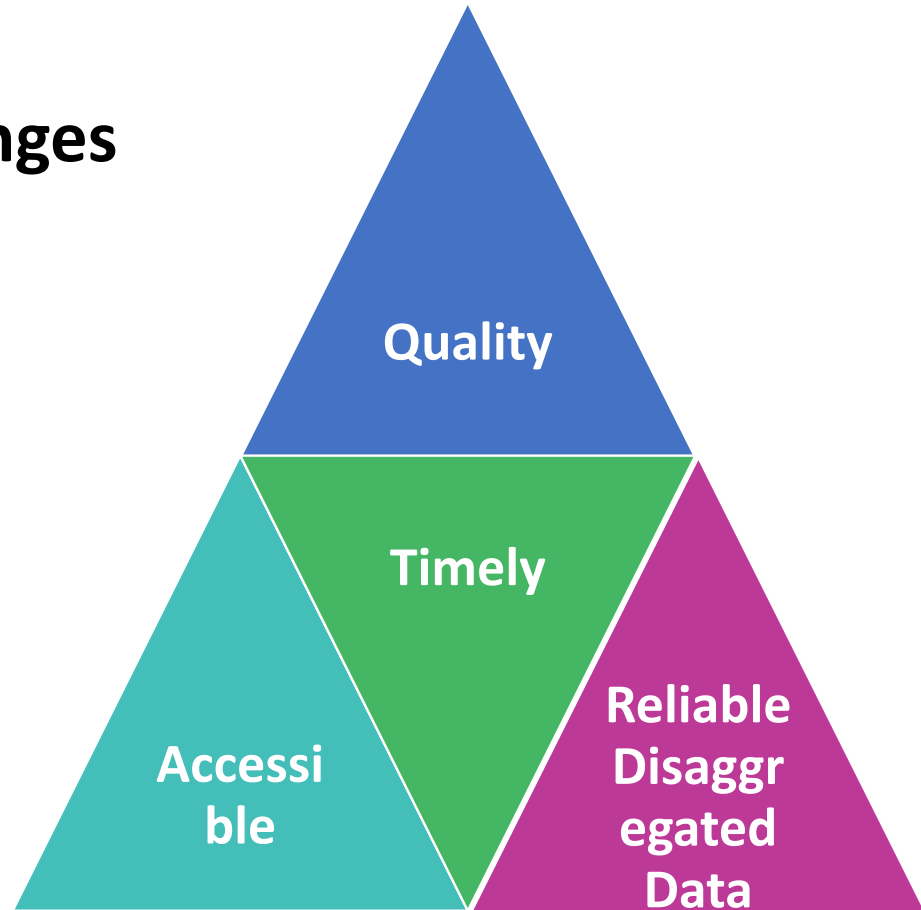

Big Data Analysis and SDGs
