## [Section 8 - Procurement By Electronic Means](#)

## [Section 9 - Security, Integrity and Confidentiality](#)

SEC. 8. Procurement By Electronic Means - To promote transparency and efficiency, information and communications technology shall be utilized in the conduct of procurement procedures. Accordingly, there shall be a single portal that shall serve as the primary source of information on all government procurement. The G-EPS shall serve as the primary and definitive source of information on government procurement. Further, the GPPB is authorized to approve changes in the procurement process to adapt to improvements in modern technology, provided that such modifications are consistent with the provisions of Section 3 of this Act.

To take advantage of the significant built-in efficiencies of the G-EPS and the volume discounts inherent in bulk purchasing, all Procuring Entities shall utilize the G-EPS for the procurement of common supplies in accordance with the rules and procedures to be established by the GPPB. With regard to the procurement of non-common use items, infrastructure projects and consulting services, agencies may hire service providers to undertake their electronic procurement provided these service providers meet the minimum requirements set by the GPPB.

SEC. 9. Security, Integrity and Confidentiality. - The G-EPS shall ensure the security, integrity and confidentiality of documents submitted through the system. It shall include a feature that provides for an audit trail for on-line transactions and allow the Commission on Audit to verify the security and integrity of the systems at any time.
